

How Does It Work?

1

Send your logo to our in house graphic designer. As a free service we'll show you what it will look like on the product you want. We'll even send you a free sample glove!

2

Order the number of gloves or accessories to match your anticipated number of participants.

3

We ship you out the products you ordered, plus 50% more in all available sizes. They arrive in a display case separated by size, so the players can all pick a size that fits best.

4

Return all of the unused gloves using the included return receipt. Everyone gets a perfect glove, it's that easy!
